

WHAT IS A CCRC?

A CCRC means continuing care retirement community.

We offer multiple care levels all on one campus. These multiple care levels — often referred to as a “continuum of care” — are meant to provide either most or all of the care you’ll need throughout your lifetime.

We provide independent & assisted living, skilled nursing, rehab & dementia care.

While living at Baunta or Forest View doesn't guarantee a bed at the Healthcare Center if ever needed, we do fill from within our own community FIRST before accepting residents from outside the community.

Scheduling a tour is easy online, or call (859) 271 - 9000.

TDD# (800) 648-6056

OUR MISSION

A non-profit senior living community dedicated to providing quality housing, rehabilitative services & long-term nursing care, reflecting Christian compassion for all.
