"When I come here to preach it is like stepping into a place that is full of faithfulness...where the people sacrificed and gave us a legacy to stand on. The people are just fantastic. They just love you and you can't help but love them too, I love coming here."

Through the Baunta Refresh Project, we're updating the HVAC system, roof, all 98 unit amenities, and common spaces to ensure our Villagers have the comfortable, beautiful environment they deserve.

Friendship Towers Assisted & Independent Living

Friendship Towers is a licensed Assisted Living Community. We offer both independent and assisted living options for residents who want to remain independent yet have 24-hour access to care when needed, or for residents who need a little extra help with daily activities on a permanent or temporary basis.

Friendship Towers offers assistance with physical tasks such as bathing, dressing, and housekeeping, as well as a variety of social wellness activities.

Baunta & Forest View Independent Living

Active Lifestyle Communities allow healthy older adults to live life to the fullest in a worry-free home. We offer one and two-bedroom apartments at Baunta and Forest View that have HUD subsidized rent.
